NOTE: ERLI students are excluded from all counts. Exchange, escrow, and readmitted students are included in the "all students" counts but are excluded from the "new student" counts. New students are comprised of First-time, Transfer, and Nondegree students who were enrolled in the fall term and first enrolled either that fall or the immediately preceding summer (session A, B, or C). Figures prior to 2014 represent a slightly different definition for new students, in two ways: (1) Readmitted students were previously included in the new student count, and (2) students who began in Summer A or C were previously excluded from the new student count.

Note: There have been slight revisions to the originally reported Fall 2012 counts for graduate students in the College of Business at Daytona Beach.

Business Admin Av Mgmt students were originally grouped with students in Business Admin - Av Mgmt (online). These counts have since been separated into the two distinct programs.
