Notes and Definition of Terms

Initial Headcount ("Hdcnt"):

- Number of first-time, full-time, degree-seeking students who were enrolled in the fall term of the noted Entry Year and had first entered ERAU either that term or the immediately preceding summer term.
- Does not include transfer, readmitted, or nondegree students.
- Intended degree program is based on the intended degree program at the start of the first fall term.
- Decreases in Initial Headcount within an Entry Year cohort are due to the exclusion of deaths that occurred within the stated interval.

Tracking interval:

- Students are tracked at one year intervals, as of the beginning of each subsequent fall term.

Returned:

- Proportion of the Initial Headcount who were enrolled at the beginning of the fall term of the stated interval, and had not yet earned a degree at the originally intended degree level.
- Students could have reenrolled at either residential campus (i.e. includes intra-university transfers).
- ERAU Retention Rates: Students who returned to ERAU (regardless of degree program at the time) are labeled **"Ret to ERAU".**
- Program Retention Rates: The subset of students whose degree program was still the same as their originally intended program are labeled **"Ret to program"**.
