Overall figures for unduplicated headcount are presented in this fact sheet. Each student is counted only once, even if concurrently enrolled in both an undergraduate and graduate program, or both the Summer A and C terms (C term is only offered at Daytona Beach). Since last summer, Daytona Beach's undergraduate enrollment has decreased by 2.9% (from 1,406 to 1,364), and Prescott's undergraduate enrollment has decreased by 1.5% (from 520 to 512). The graduate enrollment at both campuses is exactly the same as last summer with 229 students at Daytona Beach and 9 students at Prescott.

<sup>\*\*</sup>Definition of full-time and full-time equivalent (FTE): Undergraduate students must be enrolled for a minimum credit load of 6 hours for full-time status during each summer term. Graduate students must be enrolled for at least 3 hours in Summer A or at least 6 hours in Summer C to be considered full-time. FTE is calculated by adding up the total number of hours for part-time students, dividing that sum by the standard definition of full-time status (3 or 6 hours, depending on the term and program level), then adding the result to the total number of full-time students.
