Overall figures for unduplicated headcount are presented in this fact sheet. Each student is counted only once, even if concurrently enrolled in both an undergraduate and graduate program. Summer B 2001 enrollment has increased since Summer B 2000 on both campuses. The undergraduate enrollment at Daytona Beach is a 1.6% increase (from 1,189 to 1,208), and the graduate enrollment is a 3.3% increase (from 90 to 93). Prescott's undergraduate enrollment has increased by 24.1% (from 253 to 314). Included in this increase are new undergraduate students enrolled in the Early Flight program. This program encourages students who would have normally matriculated this fall to begin their flight training in the Summer B term instead.

Definition of full-time and full-time equivalent (FTE): Summer B 2001 students (undergraduate or graduate) must be enrolled for a total of 6 hours or more to be considered full-time. FTE is calculated by adding up the total number of hours for part-time students, dividing that sum by 6 hours, then adding the result to the total number of full-time students.
