****Definition of full-time and full-time equivalent (FTE):** Undergraduate students must be enrolled for a minimum credit load of 6 hours for full-time status during summer terms, and graduate students must be enrolled for at least 3 hours to be considered full-time. FTE is calculated by adding up the total number of hours for part-time students, dividing that sum by the standard definition of full-time status (3 or 6 hours, depending on the program level), then adding the result to the total number of full-time students.
