Overall figures for unduplicated headcount are presented in this fact sheet. Each student is counted only once, even if concurrently enrolled in both an undergraduate and graduate program. Since last year's Summer B session, Daytona Beach's undergraduate enrollment has decreased by 9.3% (from 1243 to 1127), and Prescott's undergraduate enrollment has stayed exactly the same (211). The graduate enrollment at Daytona Beach has increased 13.6% (from 110 to 125), while Prescott had no graduate students enrolled for this session.

^{**}Definition of full-time and full-time equivalent (FTE): Undergraduate students must be enrolled for a minimum credit load of 6 hours for full-time status during summer terms, and graduate students must be enrolled for at least 3 hours to be considered full-time. FTE is calculated by adding up the total number of hours for part-time students, dividing that sum by the standard definition of full-time status (3 or 6 hours, depending on the program level), then adding the result to the total number of full-time students.
