

Official Summer A & C 2017 figures were captured as of the close of business on May 25th for the Daytona Beach campus and May 30th for the Prescott campus. Figures reflect an unduplicated headcount. Each student is counted once, even if concurrently enrolled in both an undergraduate and graduate program or in other summer sessions.

As compared to this day last year, Daytona Beach undergraduate enrollment has decreased 4.4% (from 1457 to 1393) and graduate enrollment has increased 6.5% (from 77 to 82). Prescott undergraduate enrollment has decreased 10.9% (from 555 to 494) and graduate enrollment has decreased 6.6% (from 15 to 14).

The decrease in Summer A and increase in Summer C enrollments is impacted by the strategic initiative to encourage students to consider WW online course offerings over the summer (which are recorded in the Summer C term).

NOTE: ERLI students are excluded from all counts. Exchange, escrow, and readmitted students are included, but are categorized as continuing, not new. New students are comprised of First-time, Transfer, and Non-degree students who are enrolled for the first time this term. Students in an accelerated program (typically taking both UG and GR coursework concurrently) who have not yet finished their BS degree requirements are included in the continuing undergraduate count, but will appear in a future graduate student count upon conferral of the BS degree.
