

Unofficial Summer A & C 2017 figures were captured on the 4th day of classes for each campus, which is May 17th for the Daytona Beach campus and May 18th for the Prescott campus. Figures reflect an unduplicated headcount. Each student is counted once, even if concurrently enrolled in both an undergraduate and graduate program or in other summer sessions.

As compared to this day last year, Daytona Beach undergraduate enrollment has decreased 4.4% (from 1455 to 1390) and graduate enrollment has increased 1% (from 79 to 80). Prescott undergraduate enrollment has decreased 11.1% (from 564 to 501) and graduate enrollment has decreased 6.6% (from 15 to 14).

The decrease in Summer A and increase in Summer C enrollments is impacted by the strategic initiative to encourage students to consider WW online course offerings over the summer (which are recorded in the Summer C term).

NOTE: ERLI students are excluded from all counts. Exchange, escrow, and readmitted students are included, but are categorized as continuing, not new. New students are comprised of First-time, Transfer, and Non-degree students who are enrolled for the first time this term. Students in an accelerated program (typically taking both UG and GR coursework concurrently) who have not yet finished their BS degree requirements are included in the continuing undergraduate count, but will appear in a future graduate student count upon conferral of the BS degree.
