Source: Institutional Research. Cohort = First-time, full-time, bachelor's degree-seeking students (as of fall census).

> Columns - entering cohort, as defined by their entry year (fall term). Decreases in a cohort's Initial Headcount over time reflect the exclusion of deaths that occurred within the stated interval.

> Rows - status at each interval after entry (as of fall census): Returned = Re-enrolled the following fall (DB/PC) or July-Sept (WW, beginning 2021) in any degree program. Attrited = Did not return.

Methodology: As of 2010, students first identified themselves as Hispanic/Latino or not, then as one or more of the following: American Indian/Alaskan Native, Asian, Black/African American, Native Hawaiian/Pacific Islander, White. Responses are categorized as follows (per federal reporting requirements):

1. Nonresident (International) (regardless of whether or not other categories were selected)
2. Hispanic/Latino (regardless of whether or not other categories were selected)
3. Each of the five ethnic categories (if only one was chosen)
4. Two or more races (if more than one of the five individual categories was chosen)

2012-2016 breakouts are revised since originally reported, due to an internal system calculation error in place at the time (primarily affected the Hispanic/Latino, Two or More, and Unknown results).
